CAMPAIGN APPROACH

NEOU

THE OBJECTIVE:

We were asked to drive scalable user acquisition identifying the most effective ad creatives that drove conversion across different channels & audiences. Success was measured on a Cost per Subscription metric.

THE CHALLENGE:

Working with ad networks allowed us to drive installs at a guaranteed CPI, however the lack of transparency within the buying model made the buying model susceptible to fraud.

OUR APPROACH

- ✓ We conducted creative testing to define the best performing static & video templates.
- ✓ We placed search & social channels at the core of our strategy as consumer trust in these platforms' offset low brand awareness & enabled highly targeted ads.
- ✓ The campaign was expanded from the USA into CA,UK & AU, which allowed users to be acquired more efficiently.
