A FULL FUNNEL APPROACH

STRATEGY: FULL FUNNEL MARKETING

A full funnel strategy was utilized to increase Local Now adoption across app, web, and TV.

Over the Top (OTT) advertising is a key component to drive revenue, by testing a variety of premium placements across Roku and Amazon Fire TV (AFTV) to acquire new users and push them down the funnel.

DRIVING SCALE: OTT & BRAND MARKETING

Trade Desk Connected TV (CTV) campaign and Simulmedia linear TV allowed Local Now to achieve high reach against relevant Cord Cutters, News Enthusiasts, & Heavy Content Streamers.

These executions allow for audience discovery by optimizing linear TV and Connected TV based on viewership behavior and Trade Desk 1st party data.

CAPTURING INTENT: SEARCH & SOCIAL

Keyword coverage and optimizations help capture hand-raisers looking for more information on news, weather, and entertainment.

An influx of visitors from Google App Campaign (GAC) resulted in much higher organic ranking across AFTV and iOS/Android app store.
